WASHINGTON WINE

# THIS IS NOW

Dear Guest,

We welcome you to the "THIS IS US – THIS IS NOW" tasting of California and Washington State wines. We invite you to meet our winemakers and taste a very wide range of their award-winning wines. These come from well-known regions in California such as Napa Valley, Sonoma County, Lodi, Santa Barbara and Monterey, and from regions in Washington State such as Yakima Valley, Columbia Valley and Walla Walla valley.

Each participating winery and Danish importer is listed alphabetically in this catalogue. Each table displays a QR code for you to scan. This will show which wines are available for you to taste, rate, tag and/or make notes. You will notice lots of famous wineries that have been successful in Denmark for many years, but also wineries with a great selection of wines that are "new to market" and are interested in finding a distribution partner.

If you are looking for a specific winery or wine, or if you have general questions about California or Washington State wines, please let us know.

During the day, you may also sample various cuts of beef served by the U.S. Meat Export Federation and we also have a Food Truck to serve you a choice of Pokébowls, the traditional dish with its origins in Hawaii.

Enjoy your day!

In order to meet the objective of being a strong supplier of fine wines, I travel every year and taste almost literally through many exciting wine regions before I - from my taste bud and wallet - select new wines from Spain and California. "My" winegrowers are all passionate. Typically they own their small, family-run wineries, where they put all their soul and spirit in their "handcrafted" wines. I know them personally, and know they all are focused on creating the excellence I believe you can taste in the wines they produce.
